1 YEAR LIMITED WARRANTY

Course Housewares, LLC warrants this Cook's Companion® cookware product to be free from manufacturer defect for up to 1 year from the original date of purchase. If a defect is found to exist, Course Housewares will, at its option, either repair or replace the product or the defective component, including labor. Replacement will be made with new or rebuilt product or components. This warranty does NOT cover (a) ordinary wear and tear (such as scratches, dents or stains), (b) impact damage or breakage, (c) heat discoloration, minor imperfections and slight color variations in the enamel, metals or glass, which are a normal part of the craftsmanship, (d) extreme temperature changes (such as pre-heating cookware empty, letting liquids boil dry, immersing hot pot or lid into cold water) or resulting damage to the pot and/or other property, (e) improper cleaning methods causing scratches, or (f) accessories, even if sold with the cookware, (g) any unit that has been tampered with, (h) damages incurred through improper use and care and (i) faulty packaging by you or mishandling by any common carrier. Failure to follow the accompanying Care and Use instructions or commercial use will void this warranty.

Course Housewares' sole obligation and your exclusive remedy under this warranty is limited to repair or replacement, at its option, of the defective cookware. You will be responsible for any shipping and handling fees. Products returned to us that are not found to be defective in material or workmanship will be returned to you. If your particular product is found defective but is no longer available and cannot be repaired, a comparable product, at our discretion, will be sent as a replacement. This warranty extends only to the product's original purchaser, US residents only and does not cover damage caused by improper use or accidental damage. This warranty covers the cookware only.

COURSE HOUSEWARES, LLC., MAKES NO OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED, REGARDING THE PRODUCT OR RELATING TO ITS QUALITY. PERFORMANCE, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, COURSE HOUSEWARES, LLC SHALL NOT BE LIABLE FOR INDIRECT, CONSEQUENTIAL OR SPECIAL DAMAGES WHETHER A CLAIM IS BASED ON CONTRACT, TORT, WARRANTY OR OTHERWISE, IN NO EVENT WILL LIABILITY EXCEED THE ORIGINAL PURCHASE PRICE OF THE PRODUCT. THE DURATION OF ANY IMPLIED WARRANTY WHATSOEVER, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, SHALL BE LIMITED TO THE DURATION OF THE EXPRESS WARRANTY PROVIDED HEREIN. COURSE HOUSEWARES SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES WHATSOEVER.
Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may have other legal rights, which vary from State to State.

To Process a claim:

COOK'S® COMPANION

11 Piece Perfect Weight Cook and Flip Set

COOK'S® COMPANION

PLEASE READ BEFORE USE AND SAVE THESE INSTRUCTIONS

Thank you for purchasing Cook's Companion® Cookware – cookware designed for everyday, effortless cooking. Cook's Companion® is made with PFOA/PTFE Free Fusion nonstick coating and die cast aluminum technology. Cook's Companion® will perform best when used as intended. To ensure the best performance of your cookware, please consistently follow these instructions.

YOUR COOK'S COMPANION® 11PC PERFECT WEIGHT COOK AND FLIP COOKWARE SET INCLUDES:

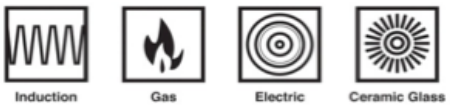
- Versa II Flip Pan™ with Glass Lid
- Easy Flip Griddle Flip Pan™
- Perfect Weight Square Utility Pan with Glass Lid
- Perfect Weight 3QT. Square Pot with Glass Lid
- Perfect Weight 8QT. Square Pot with Glass Lid

GETTING STARTED:

- Before using, remove any labels and wash and dry each item in accordance with the care and use instructions.
- For best results, season your PFOA/PTFE Free Fusion® nonstick coating by lightly rubbing cooking oil onto the nonstick surface. On low heat, warm the cookware on the cook top, let cool and wash again. You are now ready to enjoy your Cook's Companion® cookware.

WARNINGS:

- Do not use in a microwave.
- Follow all Care & Use instructions before using your cookware.
- When using the Flip Pans™ do not flip the pan when it contains fluids, grease, oils, water, and other liquids as these contents can leak from the liquid catch trap
- Never attempt to remove or assemble the Flip Pans™ while the pan is hot.



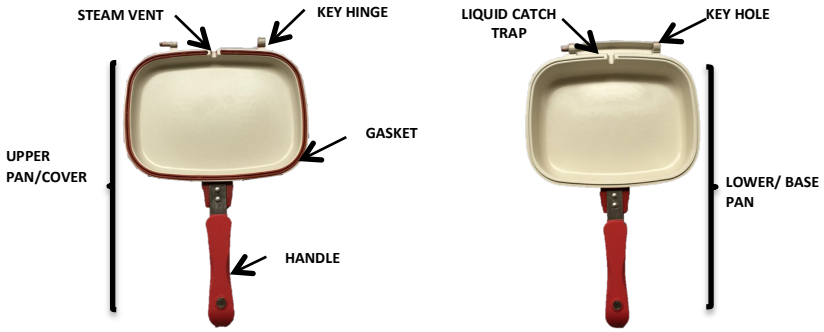
COOK'S COMPANION® PERFECT WEIGHT COOKWARE CARE & USE:

- Always preheat your cookware and use low to medium high heat when cooking food. This helps preserve the nutrients in food and the nonstick surface. Preheating requires oil, water or food to be in the pan. Heating without oil, water or food may cause damage to the pan or nonstick coating.
- Cook's Companion® uses PFOA/PTFE Free Fusion nonstick coating, making it easy to clean. While Cook's Companion® is dishwasher safe, hand washing is recommended and will prolong the cookware's beauty.
- Allow your cookware to cool before submerging into water.
- Do not use abrasive or harsh cleaners.
- Never use metal utensils on any nonstick surface. It is recommended that you use tools made of nylon, plastic, wood or melamine.
- Do not scratch the surface or cut directly on your cookware.
- Always use extreme caution when handling hot cookware and keep out of reach of children at all times.
- Cook's Companion® is oven safe, with the exception of the utility pans, Flip Pans™ and glass lids, to 500° F. The glass lids and utility pan are oven safe to 350°F. The Flip Pans™ are not oven safe and are only to be used in accordance to the Cook's Companion® Flip Pan™ Care and Use instructions (see Cook's Companion® Flip Pan™ Care & Use).
- Cook's Companion® Perfect Weight cookware is compatible with induction, ceramic, electric (including glass cook tops), radiant coil and gas stovetops.
- Do not let handles extend over a hot burner. Doing so may cause the handle to become hot or cause damage. Always use oven mitts or potholders when handling any part of your cookware set.
- Do not use in a microwave.

COOK'S COMPANION® FLIP PAN™ CARE & USE

- The PFOA/PTFE Free Fusion® nonstick coating makes this pan easy to clean. While the pans are dishwasher safe, hand washing with a soft dishcloth or sponge is recommended and will prolong the cookware's beauty. Do not use abrasive or harsh cleaners, as these may damage the finish.
- Always preheat your cookware and use low to medium heat when cooking food. This helps preserve the nutrients in food and the nonstick surface. Preheating requires oil, water or food to be in the pan. Heating without food, water or oil may cause damage to the pan or nonstick coating.
- Never use metal utensils on any nonstick coating surface. It is recommended that you use tools made of nylon, plastic, wood, silicone or melamine.
- Do not scratch the surface or cut directly on your cookware.
- Allow your cookware to cool before submerging into water.
- Always use extreme caution when handling hot cookware and keep out of reach of children at all times.
- Do not let handles extend over a hot burner. Doing so may cause the handle to become hot or cause damage. Always use oven mitts, potholders or a towel when handling.
- The Flip Pan™ is compatible with induction, ceramic, electric (including glass cook tops), radiant coil and gas stovetops.
- Do not use your Flip Pan™ in a conventional or microwave oven.
- The Flip Pan™ consists of 2 individual pans that are interchangeable with each other by disconnecting and connecting the pans by a hinge. There is one upper pan (cover) and one lower pan included with each Flip Pan™.
- The pans connect by a hinge that opens to a 90° angle. Do not force past the 90° angle as this could cause damage to the pan. Please follow the directions on the next page of how to assemble and disassemble your Flip Pan™ before attempting.
- To close the pan, bring handles together until the magnets connect.
- To flip the pan, first make sure the contents are safe for flipping and carefully check to see if any liquid has accumulated in the liquid catch trap. If any liquid exists, simply wipe away the liquid with a towel and proceed to flip the pan.
- If the red silicone gasket stretches or loosens it is recommended to cut off any excess and reinsert. An additional silicone gasket is supplied for your convenience. If needed, remove the old gasket, and insert the replacement silicone gasket into the groove by lightly applying pressure; trim away any excess gasket if needed.
- Your Easy Flip Pan™ consists of an upper griddle pan and a lower griddle pan. The lower pan is the deeper pan and contains a liquid catch trap and smooth surface. The liquid catch trap on the lower pan is opposite the handle and located between the hinges. The liquid catch trap allows excess steam and liquid to get trapped here. The upper pan is the shallower pan, and is called the cover when used with the lower pan. See the description on the following page for reference.
- Your Versa II Flip Pan™ consists of an upper grill pan and a lower griddle pan. The lower pan is the deeper pan and contains a liquid catch trap and smooth surface. The liquid catch trap on the lower pan is opposite the handle and located between the hinges. The liquid catch trap allows excess steam and liquid to get trapped here. The upper pan is the shallower pan, and is called the cover when used with the lower pan. See the description on the following page for reference.
- The upper and lower pans can be separated for cooking, cleaning or using the glass lid (not included with the Easy Flip Pan™). Please see the instructions on the following pages for how to separate the Flip Pans™.

YOUR COOK'S COMPANION® EASY FLIP PAN™

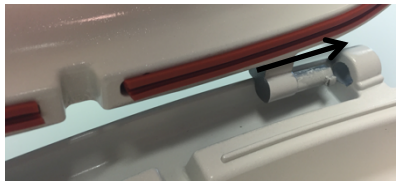


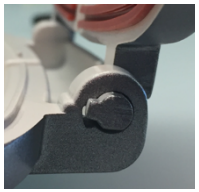
YOUR COOK'S COMPANION® VERSA II FLIP PAN™

HOW TO ASSEMBLE YOUR FLIP PAN™

- Place the lower Flip Pan™ on a flat surface, with the handle facing towards the right.
- While holding the cover at a 90° angle, line up the hinges and gently slide the cover to the right into the hinge slot on the lower pan. The key hinge on the cover will line up with the keyhole on the lower pan.

- You will know the key hinge is inserted into the keyhole correctly when you can no longer slide the cover to the right and are able to see the key hinge on the other side of the keyhole.



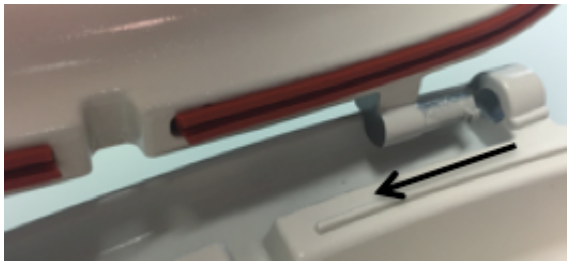


- With the cover and key hinge fully attached to the lower pan and keyhole at a 90° angle, you will be able to gently close the pan so that the magnets attach.

NOTE: If the cover is not fully to the right or inserted properly and you attempt to close the pan, it could break the hinge and will void your warranty.

HOW TO REMOVE THE COVER OF YOUR EASY FLIP PAN™

- Place your Flip Pan™ on a flat surface, closed, with the handle facing towards the right.
- Open the cover fully to a 90° angle, line up the hinges and gently slide the cover to the left out of the hinge slot on the lower pan.



- Once the cover is detached from the lower pan you can use the Flip Pans™ separately or use the Glass Lid (not included with the Easy Flip Pan™).

NOTE: If the cover is not fully opened to a 90° angle and you attempt to detach the pan, it could break the hinge and will void your warranty.
