Dear Consumer,
Congratulations on your decision to purchase our high quality steak knife set. With proper care, your new knife set should give you many years of use. Please take a moment to read the use and care instructions that follow. Should you have any question, please feel free to contact our consumer care department.

When you take it out of the package

- Dispose of packing materials in an environmentally friendly way.
- Wash your knives in warm soapy water with a soft cloth before first use.

Use and Care for your Knife set

- Make sure that your knives are clean and dry after use. Food particles that remain on your knife set tend to become harder to remove after continued use.
- Do not use any abrasive substances such as chemical or mineral cleaners for your knives.
- Dry thoroughly as water may leave spots on the blade.
- Make sure that your knives are clean and dry before storing away.

When it's time to clean your knife set

- The knife set is not dishwasher safe. Hand washing your knife set is recommended.
- Do not use scouring pads or steel wool to clean the knife blade as it might damage the blade surface.

With proper use and care, your new knife set should give you many years of use.

Sincerely,
